CONGRESSIONAL

House Military Committee Has Ac- cepted Senate Army Bill Revis- ion Without Amendment.

EXCITED OVER ADJOURNMENT

Number of Measures in a Critical Stage
Owing to Proximity of March 4—River
and Harbor Bill Doctored in
Conference.

SENATE.

Washington, March 1.—The senate
has passed the bill appropriating \$20-
000,000 for payment to Spain, without a
dissenting vote.
The senate has passed a number of
miscellaneous bills. Senator Cullum de-
livered a speech on the work of the Ha-
waiian commission, and Senator Allen,
Neb., delivered his valedictory. The
consideration of the naval appropriation
bill is begun.

THE HOUSE.

The river and harbor committee has
disagreed on all the senate amendments
to the river and harbor bill including
the Nicaragua canal amendment. The
committee decided to report the bill to
the house today, and under suspension
of rules, move non-concurrence with the
senate, and reference to a conference
committee. Chairman Burton says that
a motion to concur in the Nicaragua
canal amendment is not permissible
under suspension of rules, and he ex-
presses belief that the bill will go to
conference.

The house military committee has
agreed to accept the senate's army bill
without amendment.
Mr. Burton, chairman of the river
and harbor committee, moved a non-
concurrence with the senate amend-
ments to the river harbor bill, under
suspension of the rules.

Mr. Burton's motion prevailed without
division.
There was considerable excitement in
the house today, growing out of the
near approach of adjournment and the
critical state of various measures. The
conference report on the omnibus claims
bill, was agreed to after a lively debate
in which the French spoliation claims
were sharply attacked. The conference
report on the census bill was adopted.
The river and harbor bill was sent to
the conference, and then the passage
of the general deficiency appropriation
bill was moved under suspension of the
rules.

The conferees on the river and harbor
bill, Messrs. Burton, Reeves and Cat-
chings are opposed to the Nicaragua canal
amendment. Mr. Burton said, "I am
unalterably opposed to the amendment
even if the entire bill is lost." Mr.
Catchings said, "I disapprove of placing
the Canal amendment in the river and
harbor bill."

The house has passed the general de-
ficiency bill. Mr. Hull moved the pas-
sage of the senate's army reorganization
bill under suspension of the rules.

More Filipino Anarchisms.

London, March 1.—The Filipino Eu-
ropean junta received the following dis-
patch from Manila, dated February 28:
The last encounters have been real
battles. We now hold Pagsanjan, Paternos
and Guadalupe. Our northern line is
advanced to Tondo. The American
losses are far larger in proportion than
ours. We hold 600 American prisoners,
who will be taken into the interior. Not
one of our people surrendered. Our
government maintains its independence
and will not yield. A Filipino telegram
from Cebu asserts that foreign residents
asked the insurgents to withdraw in
order to avoid bombardment. The Fili-
pinoes acceded, trusting that their action
would be brought before the foreign con-
suls with a view to arranging equitable
settlement with the Americans.

New Party A Born.

Cincinnati, March 1.—A general con-
ference began today for the organiza-
tion of a Union reform party, to amal-
gamate the silver Republicans, Populists,
Social Labor party, Liberal party; in
fact all minor parties except the prohibi-
tionist. Seventeen states are repre-
sented.

The conference was called to order by
Chairman R. S. Thompson, of Ohio.
The following temporary organization was
reported and adopted, Chairman, A.
C. Eichenberger, of Baltimore; secretary,
C. H. Lockwood, of Vincennes, Ind.;
assistant secretary, Geo. B. Shire, of
Albany, N. Y. A motion was made to
have the chairman appoint the usual
committees, but this was opposed as in-
consistent with initiative and referen-
ding considered in open convention.
The opening session was devoted to this
discussion.

Portnoe Robbed.

Cincinnati, March 1.—The Covington,
Ky., postoffice was robbed of stamps and
money last night, the reported amount
being \$20,000. The work was evidently
done by men who secreted themselves in
the stamp department.

Labor Buys the Sweetest Sleep

But for insomnia or sleep-
lessness, and that unnat-
ural weakness and wear-
iness of mind, body, nerve
and muscle, a reliable tonic
is needed, like Hood's Sas-
saparilla, which gives
sweet, refreshing sleep and
overcomes that tired feel-
ing. It has the endorse-
ment of millions as the
best medicine money can
buy. Take only Hood's.

The Unsavory Samaan Stew.

Sydney, N. S. W., March 1.—Advices
from Apia, under date of Feb. 17, say
affairs there are still unsatisfactory.
The provisional government is interfer-
ing with native and British subjects,
also with servants of British subjects,
and is taxing Malletto people \$2 and Ma-
taafa people \$1 each. Dr. Raffel, Ger-
man president of the municipal council
of Apia, at the instigation of the British
consul, apologized for boycotting the
British third-class cruiser Porpoise and
insulting the chief justice and Mallet-
to's lawyer while they were guests on
the Porpoise.

Several Matafaas have died of their
wounds including a woman shot in the
breast. There is much indignation at
the provisional government in keeping
in exile, prisoners whose only
offense is loyalty.

Delaware Still on the Fence.

Dover, Del., March 1.—A telegram
was received today from Levi C. Bird,
for whom the regular Republicans in
the legislature have been voting for
United States senator the past few days,
thanking the members who had cast
their votes for him but stating that he
could not under the circumstances be
considered a candidate. The Republi-
cans had a conference and decided to
vote for Hiram R. Burton. The Demo-
crats held a conference and agreed to
vote solidly today for Chancellor John
R. Nicholson. Before the ballot of to-
morrow, a caucus will be held, and as
the result, it is expected that 21 Demo-
cratic votes will be cast solidly for
Senator Gray to the end.

Fatal Collision on the Central Pacific.

Ogden, Utah, March 1.—In a head
end collision between passenger train
No. 1, east bound, and a double header
freight, west bound, near White Plains,
Nev., four people were killed outright
and one seriously injured. The dead
are: Engineer F. J. Yeargin, Fireman
Hendershot, Fireman Dillon and an
engineer whose name was not learned.
The head brakeman of the freight was
seriously injured.

Later—Advices received by the South-
ern Pacific state the wreck in Nevada
was not caused by collision of freight
and passenger trains, but by a collision
of passenger train No. 1 and a helper.
The engineer of the helper overlooked his
orders.

Lord Kerschell Dead.

Washington, March 1.—Lord Ker-
schell, one of the high joint com-
missioners of Great Britain, died this
morning of heart failure. He fell on
a slippery sidewalk and broke one of
his pelvic bones several weeks ago.
Lord Kerschell was Lord High Chan-
cellor of Great Britain, and was sent to
the United States because of his emi-
nent attainments, to take a leading part
in the negotiations to settle the differ-
ences between the United States and
Canada.

The Pope in Bad Condition.

Rome, March 1.—The pope is better
this morning. Dr. Muzzini removed
from his left thigh a cyst which caused
the feverish symptoms of yesterday, and
the operation was successful. Strict
measures are taken to exclude people
from the Vatican. The pope appears to
be suffering from rheumatic fever, and
pleurisy is feared.
The pope yesterday desired the cyst
be simply lanced, but consented to its
removal on doctors insisting upon the
point. Dr. Lapponi saw the pope at
1:30 p. m. and found him in a fairly sat-
isfactory condition.

Spanish School for Lixas.

Madrid, March 1.—La Reforma hears
the Spanish government has received a
dispatch from the United States protest-
ing against the statements cabled from
Manila by General Rios who formerly
commanded the Spanish troops in the
Philippines relative to the situation of
affairs there. La Correspondencia as-
serts it has received such news from
Manila that it believes it to be its duty
not to publish it until confirmed.

No Show For Bonapartists.

Paris, March 1.—The police today
searched the residences of officials and
members of the French fatherland
league right men, and Baron Legoux,
president of the Bonapartists' commit-
tee. The documents, books and ac-
counts were seized and the offices of the
league were closed. The most impor-
tant papers were found in the residence
of Baron Legoux, representative of
Prince Victor Napoleon.

For Spain's Best Interests.

Washington, March 1.—The resigna-
tion of the Sagasta cabinet, a state de-
partment official said to-day, does not
necessarily involve the failure of the
peace treaty. They believe the succeed-
ing cabinet will find means to forward
the treaty to the point of ratification as
the Spanish government has more to
lose by the failure of the treaty than
the United States.

The Santa Fe Strictly In It.

San Francisco, March 1.—It is re-
mored the Santa Fe has secured control
of the California & Nevada road, in or-
der to establish a terminal at Oakland
that will afford more easy access to San
Francisco than could be secured if the
transcontinental line ended at Point
Richmond.

Senatorial Fight in California.

Sacramento, Calif., March 1.—General
H. L. Barnes made surprising gains in
the senatorial fight today. All of Bullis's
votes, except one, stampeded to General
Barnes, who received 20; Burns, 25;
Grant, 26; White (Dem.) 27; others, scat-
tering.

SITUATION AT MANILA.

Rebels Preparing for Another Thashing— Dewey and Otis Instructed to Protect German Residents and Property.

Manila, March 1.—The rebels are
very active at Calocan and Ma-
labon. They evidently intend to
mount a battery in front of the Ma-
labon church destroyed by the fire of the
monitor Monadnock on February 27.
They can be seen throwing up earth
works for guns and emplacements.
There was the usual desultory firing
yesterday evening and to-day, but only
one casualty resulted, Private Parks,
Company K, California Volunteers.
The Nebraska volunteers at the reser-
voir had a slight brush with a small
body of the enemy this morning, the
rebels scattering into the jungle after
the first volley. The United States
transport Tacoma arrived here to-day
without the loss of a horse or a mule.
The Negro commissioners sailed for
Negros to-day. The United States
transport St. Paul has embarked Col.
Smith, Major Simes and a battalion of
the California volunteers and officers
recently appointed to posts near Iloilo.
The United States transport Arizona has
arrived here. Generally speaking the
situation is unchanged.

INSTRUCTIONS TO DEWEY AND OTIS.

Washington, March 1.—To carry out
the president's promise relative to pro-
tection of German residents and prop-
erty in the Philippines, cable dispatches
have been sent to Admiral Dewey and
General Otis, giving them instructions
on that point.

Making Fish of One, Flesh of Another.

Havana, March 1.—The American
military authorities are trying to make
the American soldiers' beefsteaks by
stopping the sale of beer at the post ex-
changes, and closing the bars in Ha-
vana and Marianao for the sale of beer
or wine to private or non-commissioned
officers. The proprietors of such places
are fined \$500, for violating the order,
but are allowed to open after three
days, on giving bonds. The private
soldiers, especially volunteers, think it a
hardship that they may not buy beer,
when the officers of their regiments
are unrestricted.

Sagasta & Co., Have Quit.

Madrid, March 1.—Senor Sagasta has
handed the resignation of the ministry
to the queen regent.

The cabinet crisis is expected to last
two or three days, as it will be necessary
for the queen regent to consult the pre-
sidents and other political leaders.
Meanwhile the chambers will adjourn
until a new ministry is formed.

Jesse James a Missouri Hero.

Kansas City, March 1.—Disgusted with
the acquittal of Jesse James, City Pro-
secutor Reed today dismissed all the
train robbery cases from the criminal
court docket.

Molliniaux in the Toils.

New York, March 1.—Roland B. Mollin-
iaux has been indicted for murder in
the first degree.

Mrs. Logan Ill.

Chicago, March 1.—Word was re-
ceived here to-day that Mrs. John A.
Logan is critically ill with grip, at
Washington.

Trial Revision Bill Adopted.

Paris, March 1.—The senate has
adopted the trial revision bill by a vote
of 158 to 131.

MINOR CITY TOPICS.

J. M. Montoya Jr. is in the city from
Pena Blanca and stops at the Bon Ton.
U. S. weather bureau forecast for
New Mexico: Generally fair, tonight
and Thursday.
The El Paso Times says there is a
movement on foot to reorganize Captain
Curry's Rough Rider troop, for service
in the Philippines.

Regular meeting of Carleton post G.
A. R., at 7:30 p. m. sharp. Business of
importance to be transacted in con-
nection with dedication and memorial day
services. Visiting comrades cordially
invited.

The first day of the first spring month
opened up auspiciously this morning,
and citizens are hoping that the month
of March will be peaceable and lamb-
like, a grateful change from the long,
hard winter just passed.

The lectures at Loretta Academy by
Dr. O. Hagan, M. A., Ph. D., will begin
tonight at 7 p. m. and continue three
nights. Literary talks will also be given
each day at 11 o'clock. Admission tick-
ets may be bought at the door. One
dollar each, for the course.

Yesterday the thermometer at the
local weather bureau registered as
follows: Maximum temperature, 53
degrees at 3:00 p. m.; minimum, 30
at 7:15 a. m. The mean temperature for
the 24 hours was 42 degrees; mean daily
relative humidity, 40 per cent.

Dr. Knapp will call the attention, in
his forthcoming report on his Zuni trip,
to the necessity of the government's
buying up all the pelts and wool in the
Zuni Pueblo and burning the same.
These commodities, if not destroyed,
will shortly be shipped all over the
Union, and if they are all infected with
smallpox, there is no telling what ter-
rible havoc may be wrought. Probably
\$500 would settle the whole business.

Engineer P. E. Harroun, who has been
giving the hydrographic conditions of
this part of the country considerable at-
tention, looks for a flood this spring that
will exceed the great flood of 1897, when
half of El Paso and Juarez were under
water. However, El Paso will not be
likely to suffer this spring on account of
the great dyke which the El Paso &
Northeastern road has built around the
south part of the city; but unless the
proposed cut-off is made through the
neck of the river east of Juarez, which
has just been sanctioned by Governor
Ahumada, Juarez will suffer.

A fine line of fresh candies just
received at Fischer & Co's.

Fine Havana.
Finest line of Havana cigars at

A beautiful line of children's aprons,
dresses, sacques, etc., just received at

on to El Paso, where he will make his
future home.

Max Pracht, special agent of the land
office, has returned from a trip to Otero
county, after an absence of three weeks.
He is enthusiastic in his praise of the
Sacramento mountain country, and
thinks there is a great future before
that part of New Mexico. The Edy
Brothers are spending millions of dol-
lars in developing the resources of the
country through which the El Paso &
Northeastern road passes, and a steady
flow of immigration is rapidly settling
up the vacant lands.

TRIALS OF SALESWOMEN.

Mrs. Pinkham Says Standing Still is One of
Woman's Most Trying Tasks.

Have you ever thought why it is that so
many women or girls rather walk for an hour
than stand still for ten minutes?

It is because most women suffer from some
derangement of their delicate organism, the
discomfort from which is less trying when
they are in motion than when standing.

So serious are these troubles and so dangerous to
health that the laws in some states com-
pel employers to provide resting places for
their female employees.
But no amount of law can regulate
the hard tasks of these women. Custom-
ers are exacting, and expect the
saleslady to be always cheerful
and pleasant. How can a girl
be cheerful when her back is
sailed by lassitude and bearing-
ing how sweet tempered she is
way under the pain after a while
want cross and snappy saleswo-

men? Important
